

UNTANGLING THE WEB OF OMS BILLING

Are you looking to ramp up your knowledge on how to successfully code and bill oral surgery procedures? Whether you are new to billing and coding or if you are a seasoned biller simply looking for a refresher course, we have a solution for you!

We are pleased to announce that Terri Bradley's highly regarded coding and billing course, "Untangling the Web of OMS Billing", is now available as an online video course!

This comprehensive 6-hour course covers all major oral surgery billing and coding topics, including:

- Diagnosis Coding and Documentation
- Claims Processing
- Modifiers
- Evaluation and Management
- Radiology Codes
- Dental-Related Trauma
- Bone Grafts and Dental Implants
- Oral Pathology
- Anesthesia
- Orthognathic Cases
- Systemic Diseases
- Sleep Apnea
- TMJ
- Medicare

Here's How it Works

Getting started with the online video course is quick and easy!

- Visit www.terribradleyconsulting.com and browse to our store to find the video "Untangling the Web of OMS Billing".
- Enter your email address, add the video to your cart, and complete the purchase as instructed.
- The video is hosted on Vimeo.com. You will receive a link to the video and handouts, along with a username and password, within one business day of purchase.

That's it! You are now ready to begin your online OMS billing and coding training!

Note: Price for the online video course includes one license and is to be used exclusively by the purchasing organization. The login credentials should not be shared with any other practice, organization, or individual outside of your practice. Failure to comply will result in immediate revocation of access to the videos, without a refund.
