

WHAT IS CARE PLAN

Hanson Family Dentistry offers an in-house Dental Care Plan for individuals without traditional dental insurance. We understand that traditional dental insurance premiums can be expensive while often not providing the best treatment for patients. We also understand the importance of affordable dentistry. In an effort to help provide basic care at a controlled cost and offer a discount for all other dental treatment, we present our care plan. The Hanson Family Dental Care Plan offers your preventive service at no cost. This includes 2 healthy cleanings (in the absence of periodontal disease), exams and x-rays per enrollment year. Your plan also provides you with 10-20% off on all other treatments offered by Hanson Family Dentistry. (Some restrictions may apply)

ADVANTAGES TO TRADITIONAL INSURANCE PLANS

No waiting periods (Immediate eligibility)
No pre-existing condition clauses
No deductibles
No yearly maximums
No exclusions for elective treatments
No pre-approvals
No pre-estimates
No dictating of treatment by non-dentists
No claim forms

Eligibility and Restrictions

- The Hanson Family Dental Care Plan is not dental insurance.
- The Hanson Family Dental Care plan cannot be used in conjunction with any other discount offers or insurance plans.
- Participants become eligible upon payment in full for one year from the date of enrollment.
- Eligibility ends when membership period ends.
- To be eligible for coverage, participants must be enrolled in the program and be either a family member and or living in the household.
- Membership must be paid in full at the time of enrollment.
- Treatment fees are due and payable at the time service is rendered.
- Enrolling in the Hanson Family Dental Care Plan will allow you the opportunity to obtain dental treatment at reduced prices.
- Treatment is limited to procedures within the scope of Dr. Hanson and his staff even if treatment outside of that scope is recommended.
