Consent for Dental Treatment

As the parent and/or legal guardian of the patient, I do hereby request and authorize Drs. Richard Graham, Adam Palmer, Maria Ray, Brian Lam and/or Simrit Nijjar and staff to examine, clean, and provide dental treatment on my child. I further request and authorize the taking of dental x-rays as may be considered necessary to diagnose and/or treat my child's dental problem. I will allow photographs to be taken of my child or child's teeth for diagnostic or educational purposes. I understand that dental treatment for children includes efforts to guide their behaviour by helping them understand the treatment in terms appropriate for their age. Drs. Graham, Lam, Palmer, Nijjar and/or Ray will provide an environment that will help your child learn to cooperate during treatment including praise, explanations, and demonstrations of procedures and instruments. The usual and most frequent risks or complications occurring from dental operative treatment include but are not limited to, the possibility of pain or discomfort during the treatment, swelling, infection, bleeding, injury to adjacent teeth and surrounding tissue, development of a temporomandibular joint disorder, temporary or permanent numbness, and allergic reactions.

I understand I will be responsible for any charges incurred for my child for dental treatment. I affirm that the information above is correct to the best of my knowledge. I understand it is my responsibility to inform Gateway Pediatric Dentistry of any changes in my child's medical status.
