SANDRA R. COULSON

Known as the "Thumb Whisperer," she has a 99.7% 'cure' rate in ONE DAY with thumb and finger suckers, nail biters and with patients who have trichotillomania (hair pulling). She has worked with thousands of patients locally and internationally, is now seeing 'second generation' patients and has trained many therapists who are practicing in the US and abroad through her Coulson Institute of Orofacial Myology, based in Denver.
